SCOTT COUNTY HICHER.

The action of the county court in ignoring, for two months, the petition of the farmers asking for their lawful right to vote on the office of highway engineer should be abolished, ought to open their peepers just a little. Two years ago the Democratic spell-binders and newspapers yawped unceasingly during the campaign about "Shall the people rule?" So far as Scott county is concerned, the voters "bit," and we now have what the Democrats call "the people rule."

The Socialist Nominees for County Offices.

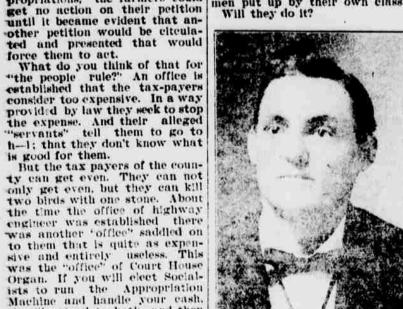

At the suggestion of the Kicker some of the Socialist Candidates furnished photographs from which cuts were made for publication. Four of them failed to send photographs, hence no cuts could be made. They had no recent photos of themselves and were evidently too busy to have any made.

However, they who failed to get in with their pictures are as sound in the Socialist Nominees for County Offices.

what the Democrats call "the people rule."

At the August term there was presented by George Vinyard, secretary of the farmers' union, a petition signed by hundreds of tax-payers, asking THAT THE QUESTION BE SUBMITTED. That was all. The law provides that a petition signed by ten per cent of the tax paying citizens from two-thirds of the townships the court may order an election to vote on the question. Such a petition was filed with the county clerk in August and was ignored
